

BIOGRAPHICAL INFORMATION

ERIC JAMES BARRON

Director, National Center for Atmospheric Research
1850 Table Mesa Drive
Boulder, Colorado 80307

Date and Place of Birth:

26 October 1951, Lafayette, Indiana

Education:

B.S., 1973 Florida State University (Geology)
M.S., 1976 University of Miami (Oceanography)
Ph.D., 1980 University of Miami (Oceanography)

Positions:

1980 Postdoctoral Research Fellow, National Center for Atmospheric Research, Boulder, Colorado
1981-1985 Scientist I & II, Climate Section, National Center for Atmospheric Research, Boulder, Colorado.
1985-1986 Associate Professor, University of Miami
1986-2002 Director, Earth System Science Center and Associate Professor of Geosciences, the Pennsylvania State University
1989- Professor of Geosciences, the Pennsylvania State University
1998- 2003 Director, EMS Environment Institute
2002-2006 Dean, College of Earth and Mineral Sciences, Penn State University
2002-2008 Trustee, University Corporation for Atmospheric Research (Chair, 2008)
2003-2007 Board of Governors, Joint Oceanographic Institutions, Inc.
2006-2008 Dean, Jackson School of Geosciences, University of Texas at Austin
2007-2008 Trustee, Consortium for Ocean Leadership, Inc. (Chair, 2008)
2008- Director, National Center for Atmospheric Research

Professional Societies:

Fellow American Geophysical Union
Fellow American Meteorological Society
Fellow Geological Society of America
Fellow American Association for the Advancement of Science
Member American Association of Petroleum Geologists
Member Phi Kappa Phi

Honors:

1969-1973 Honors Student, Florida State University
1975-1977 Texaco Fellow
1976 National Center for Atmospheric Research Supercomputing Fellow
1977-1978 Outstanding Student Award, Miami Geological Society
1979-1980 Koczy Fellowship (most outstanding student in last year of study)
1980 Smith Prize (most creative dissertation)
1988 Excellence of Presentation Award, Society of Economic Paleontologists and Mineralogists
1989 Honorable Mention for Excellence of Presentation Award, Society of Economic Paleontologists and Mineralogists
1992 Wilson Research Award, College of Earth and Mineral Sciences, The Pennsylvania State University
1992, 1993 Provost Award for Collaborative Instruction and Curricular Innovations
1993 Excellence of Presentation Award, Society of Sedimentary Geology (SEPM)
1993 Fellow, American Geophysical Union
1993 Honorable Mention for Excellence of Presentation (Poster), American Association of Petroleum Geologists

1995 Fellow, American Meteorological Society
 1997 American Association of Petroleum Geologist's Distinguished Lecturer
 1999 Wilson Teaching Award, College of Earth and Mineral Sciences, the Pennsylvania State University
 1999 NASA Outstanding Earth Science Education Product ("Discover Earth: Earth-as-a-System")
 1999 Distinguished Professor of Geosciences, The Pennsylvania State University
 2001 NASA Group Achievement Award for "Research Strategy for the Earth Science Enterprise"
 2002 Fellow, the National Institute for Environmental eScience, Cambridge University, United Kingdom
 2002 Frontiers in Geophysics Lecture, American Geophysical Union
 2003 NASA Distinguished Public Service Medal
 2004 Fellow, American Association for the Advancement of Science
 2006 Jackson Chair in Earth System Science, University of Texas at Austin
 2008 Fellow, Geological Society of America

Related Experience:

Publications

1982-1989 Member, Editorial Board, *Geology*
 1984-1985 Member, Editorial Board, *Palaeogeography, Palaeoclimatology, Palaeoecology*
 1985-1991 Editor-in-Chief, *Palaeogeography, Palaeoclimatology, Palaeoecology*
 1988-1996 Editor, *Global and Planetary Change*
 1989-1995 Associate Editor, *Journal of Climate*
 1991 Member, American Geophysical Union, Selection Committee *Paleoceanography* Editor
 1992- Member, Editorial Board, *Palaeogeography, Palaeoclimatology, Palaeoecology*
 1994-1996 Member, Editorial Board, *Geotimes*
 1994-2000 Member, Editorial Board, *Consequences*
 1995, 1997 Chair, American Geophysical Union, Selection Committee, Biogeochemical Cycles Editor
 1995-1999 Editor-in-Chief, *Earth Interactions* (electronic journal of AMS, AGU and AAG)
 1998 Editorial Board, Oxford University Press, Global Change Encyclopedia

Service to Societies

1986-1990 Member, American Meteorological Society Committee on Climate Variations
 1988-1991 Chair, American Meteorological Society Committee on Climate Variations
 1988-1990 Member, Global Sedimentary Geology Program Committee, Society of Economic Paleontologists and Mineralogists
 1991 Chair, Penrose Conference Committee, Geological Society of America
 1990-1991 Member, American Geophysical Union, Maurice Ewing Medal Subcommittee
 1991-1996 Chair, American Meteorological Society Annual Meeting Program Committee for Global Change
 1994 Member, American Geophysical Union, Small Science Panel
 1995-2002 Member, American Geophysical Union Atmospheric Sciences Executive Committee
 1998 Citation Author-American Geophysical Union, Revell Medal
 1998- Member, American Geophysical Union, Horton Award Sub-committee
 2003 Member, American Meteorological Society, Mid-term Strategic Planning Assessment team
 2005 Chair, American Geophysical Union, NASA Vision Panel
 2008 Member, American Assoc. Petroleum Geologists Climate Change Committee
 2008- Member, AMS 2010 Annual Meeting Organizing Committee

National Research Council

1987-1990 Member, Climate Research Committee
 1990-1996 Chair, Climate Research Committee
 1989 Member, Study Committee on Earth System History and Modeling, Global Change Committee
 1990-1994 Member, Board on Global Change Research
 1992-1996 Member, Committee on Human Dimensions of Global Change

1995-1997 Member, Board on Atmospheric Sciences and Climate
1997-1999 Co-Chair, Board on Atmospheric Sciences and Climate
1999-2003 Chair, Board on Atmospheric Sciences and Climate
1997-2002 Ex-officio, Committee on Global Change Research
1998-2000 Member, Panel on Grand Environmental Challenges
1999 Member, Panel on Assessment of NASA Post-2000 Plans
2002-2003 Member, Panel on Tracking and Predicting the Atmospheric Dispersion of Material Releases:
Implications for Homeland Security
2003-2004 Chair, Committee on Metrics for Global Change Research
2004-2006 Member, Survey Steering Committee for Earth Science and Applications from Space:
A Community Assessment and Strategy for the Future
Chair, Panel on Climate Change and Variability
2006-2007 Member, Committee on Analysis of Global Change Assessments
2008- Member, Energy Externalities Committee
2009- Chair, An Ocean Infrastructure for U.S. Ocean Research in 2030

Service to the Federal Government

1988 Member, NSF Review Panel, Ocean Drilling Program Plan, FY 1988-1990
1988-1990 Member, Ocean History Panel, NSF Ocean Drilling Program
1990-1994 Member, Science Executive Committee, NASA Earth Observing System
1994-1997 Chair, Science Executive Committee, NASA Earth Observing System
1990-1994 Chair, Climate and Hydrology Panel, NASA Earth Observing System
1990-1993 National Center for Atmospheric Research Scientific Computing Division Advisory Committee
1990-1993 Chair, NSF Advisory Committee, Marine Aspects of Earth System History (MESH)
1989-1993 Climate Systems Modeling Project Advisory Board
1991-1993 Member, NSF Review Panel for Geological Record of Global Change
1992-1993 Member, Earth Science and Applications Advisory Committee, NASA
1993 Chair, Earth Science and Applications Advisory Committee, NASA
1994-1997 Member, Earth Science and Applications Advisory Committee, NASA
1994-1995 National Center for Atmospheric Research Director's Advisory Committee
1994 Chair, USGCRP Forum on Global Change Modeling
1994-1996 Chair, U.S. National Committee for PAGES and NSF Earth System History Panel
1995-1996 Chair, Allocation Panel for Interagency Climate Simulation Laboratory
1995 Testimony, U.S. House of Representatives, Committee on Science, NASA Budget
1997 Testimony, U.S. Senate, Committee on the Environment and Public Works – Global Warming
1997-1999 Member, NSF Geosciences Advisory Committee
1997 Chair, NSF Committee of Visitors on Ocean Sciences Facilities
1997 Co-Chair, White House/USGCRP workshop on “Impact on Climate Variation in the Mid Atlantic States”
1997-2000 Member, USGCRP National Assessment of Climate Impacts Synthesis Team
1998-2000 Member, NSF Geosciences Strategic Planning Committee GEO-2000
1998-1999 Member, NOAA Panel on Long Term Climate Monitoring
1999-2005 Member, NASA Goddard Space Flight Center, Director’s Advisory Committee
2000-2001 Member, DOE BERAC Subcommittee on Global Change
2000 Chair, Screening Committee, Director of Earth Sciences, Goddard Space Flight Center
2000 Member, EPA Review Panel, Integrated Assessment
2000 Member, DOE Review Panel, Climate Change Prediction
2001 Testimony U.S. Senate Committee on the Environment and Public Works - Climate Change Science
2001 Testimony, U.S. House of Representatives, Committee on Science- NOAA Budget
2001 Briefing, U.S. House of Representatives, Committee on Science-Climate Change Science
2003 Member, NSF Steering Committee for Cyberinfrastructure Research and Development in the Atmospheric Sciences
2003-2005 Member, Earth Science and Applications Advisory Committee, NASA
2005 Chair, NASA Senior Review for the Earth Sciences

2006 Chair, NSF Earth System History Review panel
 2007 Member, Screening Committee, Geosciences Associate Director, NSF
 2008 Chair, External Review Committee, NOAA Climate Services Plan
 2008 Chair, Steering Committee, Options for a National Climate Service, NOAA
 2009 Testimony, U.S. House of Representatives Committee on Science – Climate Services
 2009- Member, NOAA Science Advisory Board

International Service

1982-1987 Chair, International Geological Correlation Program (IGCP), Project 191, "Cretaceous Paleoclimatic Atlas Project"
 1982-1986 Member, International Lithosphere Program (ILP), Working Group 7 "Paleoenvironmental Evolution of the Oceans and the Atmosphere"
 Participant, Conference on Scientific Ocean Drilling (COSOD) Organizer, Penrose Conference on Cretaceous Climates
 1982-1986 Member, SCOR Working Group 79, "Geological Variations in Carbon Dioxide and the Carbon Cycle"
 1986-1987 Member, Global Environmental Change Panel for Conference on Scientific Ocean Drilling (COSOD II)
 1988-1990 Organizer, Global Sedimentary Geology Working Group on Paleogeography and Paleoclimatology
 1995 International Review Member, Ocean Drilling Program
 1996-1997 Member, Joint Steering Committee, World Climate Research Program

Other

1980 Shipboard Scientist, RV Glomar Challenger Leg 75
 1998 Chief Scientist, RV Oceanus
 1998-2002 Elected, two terms, State College Area School Director

- 1995 *Barron, E.J. Climatic Variation in Earth History, Global Change Instructional Program, Module #108, University Corporation for Atmospheric Research, Boulder, CO, 22 pp.*
- 1995 Barron, E.J. Global Change Researchers Assess Projections of Climate Change, Transactions of the American Geophysical Union. 76(18):185, 189-190.
- 1995 Barron, E.J. Tropical Climate Stability and the Implications for the Distribution of Life. In: Study in Geophysics, National Academy of Sciences, National Academy Press, Washington, DC, pp. 108-117.
- 1995 Barron, E.J. Warmer Worlds: Global Change Lessons from Earth History, Chapter 3 in Henderson-Sellers, A. (ed.), World Survey of Climatology, v. 16, Climates of the World: A Modeling Perspective, Elsevier, p. 71-94.
- 1995 Barron, E.J. and P.J. Fawcett. The Climate of Pangea: A Review of Climate Model Simulations of the Permian. In: The Permian of Northern Pangea, (edited by P.A. Scholle, T.M. Peryt and D.S. Ulmer-Scholle), pp. 37-52, Springer-Verlag, New York, NY.
- 1995 Barron, E.J., P.J. Fawcett, W.H. Peterson, D. Pollard, and S.L. Thompson. A "Simulation" of Mid-Cretaceous Climate, Paleoceanography, V. 10, p. 953-962.
- 1995 *Barron, E.J. The Atmosphere: Structure and Function, Chapter 5 in: The Grolier Library of Environmental Concepts and Issues, 900 p., Grolier, Inc. Danbury, CT.*
- 1995 *Barron, E.J. Climate and Temperature, Chapter 6 in: The Grolier Library of Environmental Concepts and Issues, 900 p., Grolier, Inc. Danbury, CT.*
- 1995 *Barron, E.J. Global Climate Changes, Human Intervention, Macmillian Encyclopedia of Earth Sciences, Macmillan Publishing Company, Incorporated, 1273.*
- 1995 Dutton, J.F. and E.J. Barron. GENESIS Sensitivity to Changes in Past Vegetation, Paleoclimates: Data and Modeling, 1:325-354.
- 1995 Johnson, C.C., E.J. Barron, E.G. Kauffman, M.A. Arthur, P.J. Fawcett and M.K. Yasuda. Middle Cretaceous Reef Collapse Linked to Ocean Heat Transport, Geology, 24(4):376-380.
- 1996 Slingerland, R.L., L.R. Kump, M.A. Arthur, P.J. Fawcett, B.B. Sageman and E.J. Barron. Estuarine Circulation in the Turonian Western Interior Seaway of North America. Geological Society of American Bulletin, 108(7):941-952.
- 1997 Barron, E.J. Paleoclimate Modeling. Geotimes, February, pp. 44-45.
- 1997 Bice, K.L., L.C. Sloan, and E.J. Barron. High Resolution Global Ocean Circulation Simulation of the Early Eocene: Comparison with Foraminiferal Isotope Paleotemperatures, In: B.T. Huber, et al., (eds.), Warm Climates in Earth History, in press.
- 1997 Dutton, J.F. and E.J. Barron. Miocene to Present Vegetation Changes: A Possible Piece of the Cenozoic Cooling Puzzle. Geology, 25(1):39-41.
- 1997 Gibbs, M.T., E.J. Barron and L.R. Kump. An Atmospheric $p\text{CO}_2$ Threshold for Glaciation in the Late Ordovician. Geology 25(5):447-450.
- 1997 Jenkins, G.S. and E.J. Barron. Global climate model and coupled regional climate model simulations over the eastern United States: GENESIS and RegCM2 simulations, Global and Planetary Change, 15: 3-32.

Papers (continued)

- 1997 Bice, K., E. Barron and W. Peterson. Continental Runoff and Early Cenozoic Bottom-Water Sources, Geology, 25 pp. 951-954.
- 1997 Johnson, C. C., G. Kauffman, E. Barron. *Tropical Boundary Fluctuations in the Caribbean Cretaceous*. *Proc 8th Int Coral Reef Sym 2:1677-1680*.
- 1998 Poulsen, C. D. Seidov, E. Barron, and W. Peterson. The impact of Paleogeographic Evolution on the Surface Circulation and the Marine Environment within the mid-Cretaceous Tethys, Paleoceanography Vol. 13, No. 5:546-559.
- 1998 Fawcett, P.J. and E.J. Barron. The Role of Geography and Atmospheric CO₂ in Long Term Climate Change: Results from Model Simulations from the Late Permian to the Present. In: T.J. Crowley and K.C. Burke (eds.), Tectonic Boundary Conditions for Climate Reconstructions, 21-36.
- 1998 Bice, K.L., Barron, E.J., and Peterson, W.H. Reconstruction of realistic Early Eocene Paleobathymetry and Ocean GCM Sensitivity to Specified Basin Configuration, In Crowley, T. and Burke, K. (Eds.) Tectonic Boundary Conditions for Climate Reconstructions, Oxford University Press, 227-247.
- 1998 Jenkins, G.S. and E.J. Barron. *Decade-Long Coupled GCM/Regional Climate Model Simulations over the United States*. 7th Conference on Climate Variations. pp. 61-64 American Meteorological Society.
- 1999 Yu, Z., M.N. Lakhtakia, B. Yarnal, R.A. White, D.A. Miller, B. Frakes, E.J. Barron, C. Duffy, F.W. Schwartz. Simulation of the river-basin response to atmospheric forcing by linking a mesoscale meteorological model and hydrologic model system. Journal of Hydrology 218 72-91.
- 1999 Yu, Z., M.N. Lakhtakia and E.J. Barron. Modeling the River-Basin Response to Single-Storm Events Simulated by a Mesoscale Meteorological Model at Various Resolutions. J. Geophysical Research, 104, No. D16:19,675-19,689.
- 1999 Poulsen, C.J., E.J. Barron, C.C. Johnson and P. Fawcett. Links between major climatic factors and regional oceanic circulation in the mid-Cretaceous, Chapter in Barrera, E. and C. Johnson (eds), Cretaceous Ocean Climate System, Geological Society of America, Special Paper 332.
- 1999 Poulsen, C. and E.J. Barron, and W.H. Peterson. A reinterpretation of mid-Cretaceous shallow marine temperatures: A greenhouse world with warm tropical oceans. Paleoceanography, 14, No. 6, pp. 679-697.
- 1999 PSUCLIM. (E. Barron, L. Frakes and 15 Graduate Students) The Sensitivity of Severe Storms to Climate Forcing Factors on Geologic Time Scales, Journal of Geophysical Research Volume 104, pp 27,277-27,294.
- 1999 PSUCLIM. (E. Barron, L. Frakes and 15 Graduate Students) Storm Activity in Ancient Climate: An analysis Using Climate Simulations and Sedimentary Structures, Journal of Geophysical Research Volume 104, Number D22, pp 27,295-27,320.
- 1999 Jenkins, G.S. and E.J. Barron. A Sensitivity Study of Regional Climate Model Experiments During the Summer of 1988; boundary conditions, systematic error and simulated climate over the continental United States. Global and Planetary Change, 25: 19-38.
- 2000 Bice, K.L., L.C. Sloan, and E.J. Barron. Comparison of Early Eocene isotopic paleotemperatures and the three-dimensional OGCM temperature field: The potential for use of model-derived surface water in: B.T. Huber, et.al., (eds.), Warm Climates in Earth History, pp 79-131.
- 2000 Gibbs, M.T., K.L. Bice, G.S. Jenkins, E.J. Barron and L.R. Kump. Glaciation in the Early Paleozoic "Greenhouse": The roles of Paleogeography and Atmospheric CO₂ In: B.T. Huber, et al. (eds.), Warm Climates in Earth History, pp 386-422.

Papers (continued)

- 2000 Fisher, A., R. Neff, E.J. Barron. The Mid-Atlantic Regional Assessment: motivation and approach. Climate Research Special 7, Vol. 14 No. 3, pp 153-159.
- 2000 Najjar, R.G. H.A. Walker, P.J. Anderson, E.J. Barron, R.J. Bord, J.R. Gibson, V.S. Kennedy, C.G. Knight, J.P. Magonigal, R.E. O'Connor, C.D. Polsky, N.P. Psuty, B.A. Richards, L.G. Sorenson, E.M. Steele, R.S. Swanson. The potential impacts of climate change on the mid-Atlantic coastal region. Climate Research Special 7, Vol. 14 No. 3, pp 219-233.
- 2000 Jenkins, G.S. and E.J. Barron. Regional climate simulations over the continental United State during the summer of 1998 driven by a GCM and the ECMWF analyses. Global and Planetary Change Vol. 25 No. 1-2, pp19-38.
