

MS in Demography Core Courses Spring 2010

Students seeking the Master of Science - Demography degree should register for these courses. See the MS program description for more information.

I. Demography Methods (REQUIRED); offered spring only

SYD 5135-01, Techniques of Population Analysis

Reference number: 08292

Instructor: Dr. Elwood Carlson

Classroom: 519 Bellamy

Meeting times: M 9:00-12:00

URP 5261-01, Methods Planning Analysis III (Forecasting)

Reference number: 04589

Instructor: Dr. Tim Chapin

Classroom: 407 Sandels

Meeting times: T R 9:30

II. Geographic Information Systems (one course required during program); choose one of:

GIS 5101-01, Geographic Information Systems

Reference number: 01662

Instructor: Dr. Lisa Jordan

Classroom:

Meeting times:

Must register for **GEO 5908-01, GIS Lab** (meeting times TBA)

GIS 5400-01, GIS for Social Sciences

Reference number: 01633

Instructor: Staff

Classroom:

Meeting times:

URP 5272-01 Urban and Regional Information Systems

Reference number: 04590

Instructor: Dr. Robert Deyle

Classroom: 208 Bellamy (the class is split into two parts: lecture and lab)

Class meets: F 9:00-10:15am (lecture) and F 10:30-11:45am (lab)

III. Demography Seminars. Three courses required in this area for program.

ECP 5115-02, Economics of Population

Reference number: 05756

Instructor: Dr. Carl Schmertmann
Classroom: 219 HCB
Meeting times: T R 5:15-6:30

SYA 6933-01, Aging and Life course

Reference number: 08286
Instructor: Dr. Miles Taylor
Classroom: 519 Bellamy
Meeting times: W 1:00-4:00

SYD 5215-01, Health and Survival (Mortality)

Reference number: 04423
Instructor: Dr. Isaac Eberstein
Classroom: 517 Bellamy
Meeting times: F 9:00-12:00

SYD 5406-01, International Population Dynamics

Reference number: 08293
Instructor: Dr. Elwood Carlson
Classroom: 519 Bellamy
Meeting times: M 1:00-4:00

IV. Research Methods and Statistics. One course required for program; choose one of these OR approved substitute:

URP 5201-01, Methods of Planning Analysis I (Research and Evaluation)

Reference number: 04588
Instructor: Dr. J. Huston Gibson
Classroom: 048 Bellamy
Meeting times: T R 2:00-3:15

V. Other Spring 2009 Graduate level courses for demographers. One course may be taken as an elective during the program.

GIS 5106-01, Advanced GI Science

Reference number: 01663
Instructor: Dr. Mark Horner
Classroom: 035 Bellamy
Meeting times: W 9:30-12:00

GIS 5934-01, GIS and Environmental Justice

Reference number:
Instructor: Dr. Lisa Jordan
Classroom: 35 Bellamy
Meeting times: T 9:30-12:00

SYA 5406-01, Multi-Variate Analysis

Reference number: 04404

Instructor: Dr. Karin Brewster

Classroom: 219 HCB

Meeting times: T R 8:00-9:15

SYO 5416-01, Stress and Mental Health

Reference number:

Instructor: Dr. Robert J. Turner

Classroom: 519 Bellamy

Meeting times: T 2:00-5:00

URP 5939-01, Health Behavior/Education

Reference number: 04611

Instructor: Dr. Chris Coutts

Classroom: 111 Bellamy

Meeting times: M 6:45-9:30

URP 5939-02, Healthy Cities/Communities

Reference number: 07791

Instructor: Dr. Rebecca Miles

Classroom: 033 Bellamy

Meeting times: M W 3:35-4:50

VI. Demography Individual Studies. Check with Demography Program for Master's Research/ Paper and DEM Special Topics

DEM 5910-01, Supervised Research

Reference number:

Instructor:

Classroom:

Meeting times:

DEM 5930-01, Special Topics Demography

Reference number: 00856

Instructor:

Classroom:

Meeting times:

DEM 5972-01, Master's Research

Reference number:

Instructor:

Classroom:

Meeting times:
